

### FOWLES WINE

The Fowles Wine vineyards and winery are located in the dramatic granite landscape of Strathbogies Ranges region of Victoria, Australia.

Fowles Wine crafts some of Australia's finest cool climate wines, winning many of Australia's most prestigious wine medals and trophies.

The Fowles Wine team is energetic and enterprising, continuing to break new ground by proudly taking the Strathbogies Ranges 'message in a bottle' to the world with some of Australia's most exciting wines.

### ARE YOU GAME? WINE RANGE

We love to source our food from the wild or grow it at home. Nothing beats the taste of food and wine as nature intended it – real: pure, slow grown and full of flavour. So like us, why not keep it real and go wild with food and wine matching...

*Real Wine for Real Food. Are you Game?*

(Psssst! Love this? Then try our *Ladies who Shoot their Lunch* range: [www.fowleswine.com](http://www.fowleswine.com))

### REGION

Sharing latitudinal pedigree with Gisborne in New Zealand; Sonoma and Napa Valleys in the USA; Mendoza in Argentina; Sicily in Italy and Jerez in Spain, Victoria is the southern-most and coolest State of mainland Australia, famed for its diverse wine regions and cool climate.

Home to Fowles Wine vineyards and winery, the Strathbogies Ranges is characterised by massive granite boulders – the very boulders that have given rise, over millions of years, to the sandy loam soils in which our vines grow.

This is a harsh Australian landscape with soil that is nutrient poor and retains very little water – difficult for farmers to grow livestock, but a wonderful landscape for grape growers seeking to grow fruit with great intensity. Couple these attributes with the cool climate, gentle aspect and glorious summer sunshine and the Strathbogies Ranges is an ideal region for growing grapes and making wine.

The mean January temperature is 19.15°C and the average annual rainfall in our family vineyards is 700 mm (28 inches).

Harvest in the Strathbogies Ranges generally occurs from late February through to early May.

### WINEMAKING

The fruit for this wine came from our vineyards in the Strathbogie Ranges and was harvested during the day between 3 March and 13 March in 2014.

This wine was fermented in high tech sweep-arm fermenters to maximise flavour and colour.

We fermented this wine between 25° to 28° Celsius and in stainless steel tanks to preserve primary fruit flavours. We chose to use a yeast strain called Enoferm Burgundy. Isolated in the Burgundy region of France, this yeast has been identified for its qualities in helping develop Pinot Noirs with complexing characters.

The majority of this wine was matured for four months using new French Oak (75 per cent), with a small component (25 per cent) aged in old French Oak.

The cool growing season of Vintage 2014, together with the cooler sites of our preferred Pinot Noir vineyard – Billi's vineyard – helped make a very fine style of Pinot Noir full of red fruit characters.

We have blended a small component of Sangiovese (10%) from our Upton Run vineyard into the wine. The Sangiovese contributes lifted red fruit aromas and a lovely texture which we feel enhances this wine for food, especially game.

### THE WINE

This wine is deep cherry red in colour with aromas of red plums and hints of bracken and earth. The palate is beautifully balanced and plush with summer cherries and forest fruits.

PH 3.57      T/A 6.0 g/L      R/S 0 g/L      Alc 14%

### FOOD MATCH

Served perfectly with slow cooked pork belly, pea puree, brussel sprouts and smoked hock.

### CELLARING RECOMMENDATION

Enjoy now.
